FROM THE PRESIDENT'S SHOP

Hello Fellow EAA'ers,

It's been a long winter but now we are being paid off with some superb spring flying weather. It certainly makes you want to finish any aviation projects to take to the beautiful spring skies.

There's been quite a flurry of activity at Skyhaven which is nice to see. It's always a great time of year to fly, lots to see before the leaves come in and cover everything up. Try to get out soon and enjoy this beautiful spring flying season.

Our first Young Eagles event is scheduled for Saturday, May 11th. In order to have our monthly meeting prior to the event, we will have our monthly meeting on Tuesday, May 7th and it will be in Sanford Maine, the same location as our Young Eagles rally. That way we can finalize plans for the weekend rally.

This month's meeting will feature a slideshow presentation of 100 years of aviation in Thailand. I had the pleasure of visiting the newly renovated Royal Thai Aviation Museum at Don Meung Airport in Bangkok, Thailand. There have been many changes to the museum which was renovated to celebrate 100 years of aviation in Thailand. The Thai military has operated over 140 aircraft through their more than 100 year history. Come and see the many examples the Thai's have flown.

Our BBQ cookout will start at 6PM and the meeting will start at 7PM. Come and hear preparations for the Young Eagles rally and learn some history of international aviation.

Happy Building and safe Flying,
John Ricciotti

The Royal Thai Air Force Museum was set up in 1952 with the purpose of collecting and restoring defense articles of different periods, including equipments and aircraft in use during the early period of Thai aviation history up to the present.
