EAA 225 Meeting Tuesday, June 11, 2019

Newsletter for
members and
friends of EAA
Chapter 225.

1978 - 2019 ...

Next Gathering:

Tuesday, June 11, 2019

Place:

EAA Chapter Clubhouse

Times:

Meet, Greet and BBQ at 6:00pm with
our Pres. Todd Scruton

Meeting to follow at 7pm

Pres. Todd Scruton will have the latest
from EAA HQ. Bring your ideas on
what to do at the clubhouse and with
the projects. Hope to see you there!

EAA Chapter 225

*Celebrating our 40th year of aviation
community in the seacoast region sharing
aircraft building, restorations, the skies
above us. and fellowship.*

2019 EAA 225 Young Eagle Dates

- Sat., May 11 Sanford, ME 9- kids & 1-Pilot
- Sat., Jun 1: Rochester, NH 80-kids & 7-Pilots
- Sat., Sep 14: Southern Maine Avition, 9 am to 12
noon
- Sat., Oct 12: Skyhaven Arpt, 9 am to 12 noon

If you're able to volunteer at these events please con-
tact Gerry Peterson at: loldeagle@gmail.com

Pictured above is EAA 1210 Young Eagle Pilot Jerry Bernier with EAA 225 Pres. Todd Scruton's daughters Becca & Sadie. Jerry, was

EAA 225's 2nd 2019 EAA Young Eagle Flight Rally - Skyhaven Airport

Rochester, NH — On Saturday, June 1, 2019 the Greater Rochester Chamber of Commerce along with the local Police Department and other sponsors held the 7th Annual Wings & Wheels event on the grounds of Skyhaven Airport. An estimated 4500 to 6000 people attended this year's extravaganza. I've only seen the brochures for all that happens there. They say there are lots of custom and restored cars, motorcycles, trucks on display. Practically every kind of food you can imagine, don't forget cotton-candy, there was another one of those hot chicken wing eating contests. While kids were waiting for their plane rides, they spoke about a flight simulator somewhere else on the airfield how cool!

Once in a while things go according to plan, then there are those times when everything you try doesn't help in the least bit. Trying to view at a laptop screen on a bright day, doesn't work. Attempts to get a printer to work, just as much fun. The certificates that the kids got were hand written, the laptop an anchor that never quite got much use. We had (7) pilots from EAA 225 Rochester, NH; EAA 1210 Biddeford, ME & EAA 1484 Belfast, ME. Awesome, and they flew (80) kids from around the seacoast. Thanks to all who volunteered in the air and on the ground. And thanks to the 2019 Wings & Wheels. See you at the next one!

A Few Words From the President's Shop

Hey all,

What a great Young Eagles Rally we had during the 2019 Wings and Wheels event! I won't make you wait, an incredible 80 kids were flown, many for the first time and some that just had to come back for more. My own daughter Sadie took her "first ride I remember" flight and after much fear and trepidation she came back with the biggest grin I've seen yet. Our own Vice President Ricciotti helped her with her fears as did Pat Jackson who told Sadie to seize the opportunity, for which, she did!

Also, to be recognized in the event is Pupae and her band of wonderful friends for saving the day with some amazing Thai food! For their efforts we raised over \$600 for our scholarship fund. I heard many a complement from our patrons for the quality and value our little corner of the event provided. Hopefully next year we can provide an even better product for our event, by that I don't mean better Thai food as honestly, I'm not sure that's possible. However, a better job on my part of sourcing hamburgers and hotdogs should net us a higher net profit. The quality was great, but it came at a cost.

I'd like to thank Glenn for coming through last minute with a new to us refrigerator. Not only did he find it, he donated half the cost and delivered it to the clubhouse. He also disposed of our older, well used..... unit. You can't beat that kind of service for sure. This gave us a head start on some cold drinks that sold fast Saturday AM.

Gerry also made some big moves for this event. For certain he must have spent a full month's work getting the new online registration in place. He tried to explain it to me, I got the basics but he had obviously spent some serious time figuring out the details.

Last but not least are those great pilots and ground crew who showed up and gave of their time and resources to change the lives of the kids in our corner of this globe. These short interactions that happen over a span of not much more than half an hour have potentially changed the lives of some of these kids, and who knows what the outcome will be! With the future of GA hanging in the balance these interactions may help tip the scales in favor of this wonderful sport. Additionally, these future leaders of our great country will be able to look back at the people who took time to show them this amazing freedom!

See you Tuesday,

Todd Scruton

EAA Webinars Schedule

We've announced our (October-November) that you can enjoy from the comfort of your home. EAA Webinars are free to all aviation enthusiasts, but pre-registration is recommended since space is limited to the first 1,000 registrants.

Upcoming webinars include the following topics and presenters:

June Webinars

Tips for Flying Into EAA AirVenture 2019

Tuesday, June 11 at 7 p.m. CDT

Presenter: Fred Stadler

Qualifies for FAA WINGS credit.

[Register Now →](#)

AirVenture 2019 Ultralight/Homebuilt Rotorcraft Arrival Procedures

Wednesday, June 12 at 7 p.m. CDT

Presenter: Mark Spang

Qualifies for FAA WINGS credit.

[Register Now →](#)

Managing Energy and Developing Style: A Beginner's Guide to Advancing in Aerobatics

Tuesday, June 18 at 7 p.m. CDT

Presenter: Aaron McCartan

Qualifies for FAA Wings credit.

[Register Now →](#)

EAA AirVenture 2019 Features and Attractions

Wednesday, June 26 at 7 p.m. CDT

Presenters: Rick Larsen and Dennis Dunbar

[Register Now →](#)

July Webinars

A Matter of Policy

Wednesday, July 3 at 7 p.m. CDT

Presenter: Mike Busch I

Qualifies for FAA Wings and AMT credit.

[Register Now →](#)

Adventures in Examining: One DPE Confesses All

Wednesday, July 10 at 7 p.m. CDT

Presenter: Prof. H. Paul Shuch I

Qualifies for FAA WINGS credit.
