

Skyhaven Airport Construct, Mark, Light & Sign Taxiway 'A'

PROJECT UPDATE February 22, 2008

Construction of the North Section of Taxiway 'A' is on-going. NOTAMs have been placed regarding (1) personnel and equipment working near Runway 15 and (2) closure of the *existing skewed* section of Taxiway 'A' to all aircraft operations from 6 am to 5 pm local time Monday through Friday. Construction vehicles continue to haul dirt to create the North Section of Taxiway 'A.' Most construction vehicles will be traveling through the fence gate near the Snow-Removal Equipment (SRE) building to the construction site. Be aware that a temporary dirt pile will be located in the work area for the Center Section of the taxiway – there is a NOTAM to that effect too.

NHDOT is committed to providing the airport tenants and visitors with the latest information on this project.

To receive e-mail updates on this project's progress or to ask questions about the project, please call (603) 271-2552 or e-mail cniewola@dot.state.nh.us.

For *immediate* project concerns, please contact Ossipee Valley Aviation and the information will be relayed to the appropriate parties.
