

Skyhaven Airport Construct, Mark, Light & Sign Taxiway 'A'

PROJECT UPDATE

April 18, 2008

Construction of the North Section and Center Section of Taxiway 'A' is on-going. **Future Pavement Closures:** During the week of April 28, 2008, Runway 15-33 will be closed for one day to allow construction activities to reconstruct the existing stub taxiways' connections to the runway. At that same time, the existing skewed taxiway will be closed for 3 to 4 weeks and ALL taxiing to the runway will need to take place via the South Section of Taxiway 'A' during that time. Personnel and equipment continue to work near Runway 15-33. The runway and taxiway lights remain OTS for the next few weeks. Please check NOTAMS for the latest information.

NHDOT is committed to providing the airport tenants and visitors with the latest information on this project.

To receive e-mail updates on this project's progress or to ask questions about the project, please call (603) 271-2552 or e-mail cniewola@dot.state.nh.us.

For *immediate* project concerns, please contact Ossipee Valley Aviation and the information will be relayed to the appropriate parties.
