

Skyhaven Airport Construct, Mark, Light & Sign Taxiway 'A'

PROJECT UPDATE May 23, 2008

Taxiway pavement painting is ongoing today (May 23, 2008), which may necessitate the **intermittent and short-term closure of Runway 15-33 on May 23, 2008**. The new **north** and **central** sections of Taxiway 'A' will remain **closed** during the Memorial Day holiday weekend due to the potential for FOD issues. The taxiway lights remain out of service until next week, but **the runway lights are back in service**. Personnel and equipment continue to work near Runway 15-33. This information is subject to change **daily**, so please check NOTAMS for the latest information.

NHDOT is committed to providing the airport tenants and visitors with the latest information on this project.

To receive e-mail updates on this project's progress or to ask questions about the project, please call (603) 271-2552 or e-mail cniewola@dot.state.nh.us.

For *immediate* project concerns, please contact Ossipee Valley Aviation and the information will be relayed to the appropriate parties.
